Boston, MA | 857-425-6412 | bandeira.o@northeastern.edu

Professional Profile

Urban Informatics graduate student with more than a decade of experience in banking and insurance audit, risk, compliance, and internal controls. At the Refugee Dream Center, I connect community health programming with structured data collection, record quality checks, analysis, and reporting. I use evidence to support practical program and management decisions.

Professional Experience

Refugee Dream Center | Providence, RI

2026–Present

Project Coordinator, Health and Safety Department | Cooperative Education

- Coordinate health education and outreach on blood pressure, nutrition, asthma, diabetes, lead safety, and health care navigation with staff and community partners.
- Collect, organize, and check participation and service data in Salesforce, REDCap, and Excel; identify duplicate or inconsistent records and reconcile information across program files.
- Summarize activity and service data for monitoring, evaluation, grant research, and reports, helping the team track delivery and plan follow-up.
- Document referrals and case follow-up for refugees and immigrant community members navigating health care, housing, legal services, benefits, transportation, and appointments.
- Prepare multilingual outreach materials and help coordinate food distribution, community sessions, and partner events.

MyBucks Banking Corporation, SA | Maputo, Mozambique

Dec 2023–Jan 2025

Internal Auditor

- Conducted operational, financial, and systems audits, including risk mapping, control assessments, and testing of compliance requirements.
- Analyzed audit evidence and policy data, documented control weaknesses, and presented recommendations to management to improve processes and reduce risk.

Insurance Company | Maputo, Mozambique

Oct 2020–Mar 2022

Risk and Internal Control, Project Coordinator

- Designed internal control tests and maintained risk and control matrices; supported risk and control self-assessments and regulatory compliance reviews.
- Coordinated work related to ISO 9001, ISO 27001, and ISO 22301; compiled risk and governance reporting for audit committees, external auditors, and regulators.

Nedbank Mozambique, SA | Maputo, Mozambique

Aug 2012–Oct 2020

Internal Auditor and Compliance Officer

- Performed risk-based operational, financial, and compliance audits using COSO principles; reviewed controls, systems, regulatory obligations, and fraud risks.
- Prepared audit workpapers and reports, analyzed exceptions and trends, and worked with managers on corrective actions and process improvements.

Kulunga Consulting and Market Studies | Maputo, Mozambique

Jun–Dec 2008

Data Analyst Assistant

- Checked questionnaire data for completeness and logical consistency, corrected errors, and documented data quality issues.
